

EUROPEAN COOPERATION IN SCIENCE AND TECHNOLOGY

An integrated European platform for pancreas cancer research: from basic science to clinical and public health interventions for a rare disease. COST Action (BM1204)

1st July 2015

Cancer genomics and personalised medicine workshop: focus on pancreas cancer

Organised by COST Action (BM1204)

- 09:30 - 10:20** **Ben Raphael** (Brown University, USA)
TCGA Pancreatic Adenocarcinoma Project
- 10:20 - 11:10** **David Chang** (Institute of Cancer Sciences, University of Glasgow)
Molecular subtypes of pancreatic cancer and stratified approach to treatments
- 11:10 - 11:30** **Coffee Break**
- 11:30 - 12:15** **Stephan Ossowski** (Centre for Genomic Regulation, Barcelona)
Identifying driver gene mutations in heterogeneous or low purity tumour samples
- 12:15 - 13:00** **Kristel Van Steen** (University of Liege, Belgium)
Title pending
- 13:00 - 14:00** **Lunch Break**
- 14:00 - 16:00** **WG2 meeting**
