

COMBINED EPC & IAP MEETING

24-28 June 2014, Southampton

Improving Clinical Practice – Understanding Disease Mechanisms

Tuesday 24 June 2014

Nutrition Symposium Combined with the Institute of Nutrition in Southampton and BAPEN Medical The Science of Food and Feeding in Surgical and Medical Pancreatology

| | | |
|---------------|---|--|
| 08:15 - 09:00 | Registration and Welcome Coffee Location: Art Annex Foyer | |
| 09:00 - 09:50 | Session One - Starving, Cutting and Drowning: the Fate of the Surgical Pancreatitis Patient? <i>Interactive debate with audience participation</i> Location: Art Annex Lecture Theatre J Parenteral Nutrition is Safe and Effective Enteral Nutrition is Physiological and Superior to PN | Moderator: M Stroud T.Smith, Southampton T.Bowling, Nottingham |
| 09:50 - 10:05 | Fluid Good, More Fluid Worse? UK Guidelines on Salt and Water Replacement. Are they Relevant to Pancreatologists? Location: Art Annex Lecture Theatre J | M.Stroud, Southampton |
| 10:05 - 10:30 | Free papers | |
| 10:30 - 11:00 | Coffee Break Location: Art Annex Foyer | |
| 11:00 - 12:15 | Session Two - Digestive and Metabolic Responses to Food: Rôle of the Pancreas Location: Art Annex Lecture Theatre J | |
| 11:00 - 11:25 | Integration of Digestive Responses: Rôle of the Pancreas | P.Layer, Hamberg |
| 11:25 - 11:50 | Incretins and Metabolic Responses in Chronic Pancreatitis | F.Knop, Copenhagen |
| 11:50 - 12:15 | Pancreatic Diabetes: an Under-recognised Phenomenon? | M. Löhr, Stockholm |
| 12:15 - 13:30 | Lunch and Exhibition Location: Art Annex Foyer | |
| 13:30 - 14:50 | Session Three - Micro-nutrients and Pancreatic Diseases Location: Art Annex Lecture Theatre J Chair: Jeremy Wilson | |
| 13:30 - 14:05 | Debate: Patients with CP should be Prescribed Anti-Oxidant Supplements | For: P.Garg, Dehli Against: A.Siriwardena, Manchester |
| 14:05 - 14:25 | Nutrient Deficiencies and Sarcopenia in CP | D.O'Connell, Dublin |
| 14:25 - 14:50 | Free Papers | |
| 14:50 - 15:15 | Coffee Break Location: Art Annex Foyer | |
| 15:15 - 16:25 | Session Four - The Wasting Patient Location: Art Annex Lecture Theatre J Chair: Marines Elias | |
| 15:15 - 15:45 | The TORC-1 Pathway, Protein Intake & Pancreatic Function | J.Williams, Michigan |
| 15:45 - 16:05 | Cachexia in Pancreatic Cancer: Causes and Treatments | K. Fearon, Edinburgh |
| 16:05 - 16:25 | Pancreatic Cancer-induced Diabetes: How do we Treat it? | S.Chari, Rochester |
| 16:30 - 17:35 | Session Five - Clinical Dietetics Nutrition Interest Group of the Pancreatic Society Case discussions with expert panel discussion. Location: Art Annex Lecture Theatre J Chair: Mary Phillips | |

| | | |
|--|--|---|
| | Familial Pancreatitis and Total Pancreatectomy: The need for a Pancreatic MDT | Caroline Mills, West of Scotland Pancreatic Unit, Glasgow Royal Infirmary |
| | The Implications of a Fat Free Diet | Laura McGeeney, Addenbrookes Hospital, Cambridge |
| | PEG Feeding in Palliative Pancreatic Cancer | David Bourne, Freeman Hospital, Newcastle |
| | Bile Recycling in the Palliative Pancreatic Cancer Patient, | Mary Phillips, Royal Surrey County Hospital, Guildford |
| | The use of Pancreatic Enzymes in the Management of a Post Operative Chyle Leak | Oonagh Griffin, St Vincents University Hospital, Dublin |
| | Chairmans Summary and End | |

COMBINED EPC & IAP MEETING

24-28 June 2014, Southampton

Improving Clinical Practice - Understanding Disease Mechanisms

Wednesday 25 June 2014

| | | |
|---------------|---|---|
| 08:30 - 09:30 | Registration, Welcome Coffee and Exhibition Location: Hartley Suite and Garden Court | |
| 09:30 - 14:00 | Live Endoscopic Ultrasound and Laparoscopic Surgery ~ UEG Course Location: EEE Lecture Theatre Chairs: Neil Pearce, Pierre Deprez and Giovanni Butturini | |
| 10:45 - 11:45 | Coffee available during this time for the Live Endoscopic Ultrasound and Laparoscopic surgery ~ UEG Course Location: Hartley Suite and Garden Court | |
| 09:30 - 11:00 | Basic Science Workshop - Session One Location: Seminar Room A, Building 67 Chairs: Tatjana Crnogorac-Jurcevic and Hemant Kocher | |
| 09:30 - 10:00 | See the target: Microscopy | John Marshall |
| 10:00 - 10:30 | Capture the Enemy: Laser capture microscopy and proteomics | Wasfi Alrawashdeh |
| 10:30 - 11:00 | Look for Traces: Biomarkers in body fluids | Tatjana Crnogorac-Jurcevic |
| 11:00 - 11:30 | Basic Science Workshop - Coffee Break and Exhibition Location: Hartley Suite and Garden Court | |
| 11:30 - 13:00 | Basic Science Workshop - Session Two Location: Seminar Room A, Building 67 Chairs: Christian Ottensmeir and Colin Johnson | |
| 11:30 - 12:00 | Decode the Messages: Bioinformatics / PED | Dayem Ullah |
| 12:00 - 12:30 | Engage the Locals: Stroma-tumour crosstalk | Minoti Apte |
| 12:30 - 13:00 | Mobilise the Forces: Translation of Immunotherapy from Laboratory to Clinic | Christian Ottensmeir |
| 12:00 - 14:00 | Cancer Guidelines Group Location: 2207 (Building 85) | |
| 12:30 - 13:30 | COST Action Committee Meeting Location: Seminar Room B (Building 67) | |
| 12:30 - 14:00 | Lunch, Exhibition and Poster Rounds Location: Hartley Suite and Garden Court | |
| 13:00 - 14:30 | IAP Council Meeting Location: Seminar Room A (Building 67) | |
| 14:00 - 15:00 | Session One Location: EEE Lecture Theatre Chair: Nick Carroll | |
| 14:00 - 14:20 | IS-01-01 | The Role of EUS in pancreatic disease Prof Pierre Deprez |
| 14:20 - 14:30 | Oral 01 | Factors influencing the accuracy of endoscopic ultrasound-guided fine needle aspiration (EUS-FNA) for the cytological diagnosis of solid pancreatic masses Julio Iglesias-García |
| 14:30 - 14:40 | Oral 02 | Protein expression in benign biliary strictures before and after treatment with metal and biodegradable biliary stents Antti Siiki |
| 14:40 - 14:50 | Oral 03 | Are IPMN of the pancreas associated to an increased prevalence or incidence of extra-pancreatic neoplasms? A multicentre European observational study Giovanni Marchegiani |
| 14:50 - 15:00 | Oral 04 | Hereditary Pancreatitis in children Grzegorz Oracz |
| 15:00 - 16:00 | Session Two Location: EEE Lecture Theatre Chair: John Ramage | |
| 15:00 - 15:20 | IS-02-01 | Pancreatic endocrine tumours Prof Marianne Pavel |

| | | | |
|---------------|---------|---|-------------------------|
| 15:20 - 15:30 | Oral 05 | Non-functioning pancreatic endocrine neoplasms <2cm: a wait-and-see strategy versus surgery. Markov model analysis of outcomes and cost-effectiveness. | Claudio Ricci |
| 15:30 - 15:40 | Oral 06 | Pancreatico-Duodenal NeuroEndocrine Tumors in Multiple Endocrine Neoplasia type 1 syndrome: 38 years of experience in a single centre | Anna Caterina Milanetto |
| 15:40 - 15:50 | Oral 19 | Long-term outcome of pancreatic neuroendocrine tumours (PNET) in von Hippel-Lindau (VHL) compared to sporadic PNET : implications for management | Louis de Mestier |
| 15:50 - 16:00 | Oral 07 | Long-term follow-up of resected small (<2 cm) asymptomatic sporadic non-functioning pancreatic neuroendocrine tumors: correlation between type of resection, histopathologic features, and outcome. | Giuseppe Malleo |

| | | | |
|---------------|--|--|--|
| 16:00 - 16:30 | Coffee Break and Exhibition Location: Hartley Suite and Garden Court | | |
|---------------|--|--|--|

| | | | |
|---------------|--|--|-----------------------------|
| 16:30 - 17:30 | Session Three Location: EEE Lecture Theatre Chair: Mo Abu-Hilal | | |
| 16:30 - 16:50 | IS-03-01 | Guidelines for cystic lesions | Prof Massimo Falconi |
| 16:50 - 17:00 | Oral 08 | Re-classification of mixed-type IPMN allows for better definition of epidemiology, biology and outcomes after surgical resection | Giovanni Marchegiani |
| 17:00 - 17:10 | Oral 09 | Pancreatic serous cystadenoma related mortality is almost nil | Bénédicte Jaïs |
| 17:10 - 17:20 | Oral 10 | The safety of follow-up for IPMN of the pancreas | Marco Del Chiaro |
| 17:20 - 17:30 | Oral 11 | Obesity is a risk factor for pancreatic precancerous lesions (PanIN) | Vinciane Rebours |

| | | | |
|---------------|--|--|--|
| 17:30 - 18:00 | IAP General Assembly Location: EEE Lecture Theatre | | |
|---------------|--|--|--|

COMBINED EPC & IAP MEETING

24-28 June 2014, Southampton

Improving Clinical Practice – Understanding Disease Mechanisms

Thursday 26 June 2014

| | |
|----------------------|--|
| 08:00 - 09:00 | Registration, Welcome Coffee and Exhibition Location: Hartley Suite and Garden Court |
|----------------------|--|

| | |
|----------------------|---|
| 09:00 - 12:50 | Nurses Session Location: Seminar Room A (Building 67) See Separate Programme |
|----------------------|---|

| | | | |
|--|-----------------|--|-------------------------------|
| Session One Location: EEE Lecture Theatre Chair: Paula Ghaneh | | | |
| 08:30 - 08:40 | Oral 12 | Surgical outcomes following neoadjuvant treatment with folfirinox and radiation for locally advanced pancreatic cancer | Carlos Fernandez-del Castillo |
| 08:40 - 08:50 | Oral 13 | Prognostic impact of lymph node stations in pancreaticoduodenectomy for pancreatic head cancer | Giuseppe Malleo |
| 08:50 - 09:00 | Oral 14 | Neoadjuvant therapy for resectable pancreatic adenocarcinoma: a single center prospective, randomized controlled study. | Marielda D'Ambra |
| 09:00 - 09:10 | Oral 15 | Impact of chemoradiotherapy (CRT) on local tumour control and time without treatment in patients with locally advanced pancreatic cancer (LAPC) included in the international phase III LAP 07 study | Pascal Hammel |
| 09:10 - 09:20 | Oral 16 | Optimizing preoperative risk-assessment in pancreatic surgery: the additional value of prognostic scoring models compared to consultants risk-assessment | Morsal Samim |
| 09:20 - 09:40 | IS-04-01 | Ablation therapies for pancreatic cancer | Prof Claudio Bassi |

| | | | |
|---|-----------------|--|----------------------------|
| Session Two Location: EEE Lecture Theatre Chair: John Primrose | | | |
| 09:40 - 10:00 | IS-05-01 | Pancreatic cancer genomes reveal potential opportunities for therapy | Prof Andrew Biankin |
| 10:00 - 10:10 | Oral 17 | Risk of other cancers in Familial Pancreatic Cancer | Tom Hanna |
| 10:10 - 10:20 | Oral 18 | Non-viral intratumor gene therapy for pancreatic cancer : final results of a phase 1 | Louis Buscail |

| | |
|----------------------|--|
| 10:20 - 10:50 | Coffee Break and Exhibition Location: Hartley Suite and Garden Court |
|----------------------|--|

| | | | |
|---|-----------------|---|----------------------|
| Session Three Location: EEE Lecture Theatre Chair: Minoti Apte | | | |
| 10:50 - 11:10 | IS-06-01 | Integrins in pancreatic cancer | Dr Jo Tod |
| 11:10 - 11:20 | Oral 20 | Cathepsin B and D drive the fibrogenic potential of pancreatic stellate cells and modulate the stromal compartment in pancreatic ductal adenocarcinoma (PDAC) | Ujwal Mukund Mahajan |
| 11:20 - 11:30 | Oral 21 | Pharmacological targeting of protein synthesis in cancer-associated fibroblasts abrogates pancreatic tumor chemoresistance | Camille Duluc |
| 11:30 - 11:40 | Oral 22 | The role of Pentraxin3 in pancreatic ductal adenocarcinoma | Jennifer Watt |

| | | | |
|---|---------|---|---------------------|
| Session Four Location: EEE Lecture Theatre Chair: Ashok Saluja | | | |
| 11:40 - 11:50 | Oral 23 | The Role of the Hepatocyte Growth Factor/c-MET Pathway in Pancreatic Stellate Cell-Endothelial Cell Interactions: Anti-angiogenic Implications in Pancreatic Cancer | Srinivasa Pothula |
| 11:50 - 12:00 | Oral 24 | 200 consecutive pancreatico-duodenectomies with the Finnish binding pancreaticojejunostomy (FBPJ): the prospective trial shows a low frequency of pancreatic fistula. | Johanna Laukkarinen |

| | | | |
|---------------|-----------------|--|---------------------------|
| 12:00 - 12:10 | Oral 25 | Laparoscopic versus open distal pancreatectomy for benign and malignant disease: a multicenter retrospective analysis. | Thijs de Rooij |
| 12:10 - 12:30 | IS-17-01 | What we can learn from models of pancreatic cancer | Prof David Tuveson |

| | | | |
|---------------|--|--|--|
| 12:30 - 14:00 | Lunch, Exhibition and Poster Rounds Location: Hartley Suite and Garden Court | | |
|---------------|--|--|--|

| | | | |
|---------------|---|--|--|
| 12:30 - 14:00 | Pancretology Editorial Board Lunch Meeting Location: 2207 (Building 85) | | |
|---------------|---|--|--|

| | | | |
|---------------|---|--|---|
| 13:00 - 14:00 | COST Action Location: Seminar Room A (Building 67) Chair: Francisco X Real | | |
| | Modeling IPMN Subtypes using Genetic Engineered Mice | | Jens Siveke, Germany Technical University Munich |
| | Perspective of the Human IPMNs | | Aldo Scarpa, Italy University and Hospital Trust of Verona |

| | | | |
|---------------|---|--|--------------------------|
| 14:00 - 15:00 | Session Five Location: EEE Lecture Theatre Chairs: John Windsor, Santhi Vege | | |
| 14:30 - 14:40 | Oral 26 | GSK-7975A prevents alcoholic acute pancreatitis by blocking store-operated Ca ²⁺ entry | Li Wen |
| 14:40 - 14:50 | Oral 27 | Predicting success of catheter drainage in infected necrotizing pancreatitis | Robbert A Hollemans |
| 14:50 - 15:00 | Oral 28 | A Multicenter Study on Early Administration of Intravenous Fluid Bolus and Outcome in Acute Pancreatitis | Enrique de-Madaria |
| 14:00 - 14:20 | IS-07-01 | Guidelines on Acute Pancreatitis | Dr Marc Besselink |

| | | | |
|---------------|---|--|------------------------------|
| 14:20 - 15:10 | Session Six Location: EEE Lecture Theatre Chairs: Carlos Fernandez del Castillo, Damien Mole | | |
| 14:20 - 14:40 | IS-08-01 | Abdominal compartment syndrome in acute pancreatitis | Prof Dejan Radenkovic |
| 14:40 - 14:50 | Oral 29 | Diagnosis and timing of intervention in infected necrotising pancreatitis: an international multidisciplinary survey and case vignette study | Janneke van Grinsven |
| 14:50 - 15:00 | Oral 30 | Does mesenteric lymph inhibit or promote bacterial growth? | Benjamin Loveday |
| 15:00 - 15:10 | Oral 31 | Central, but not peripheral administration of opioids is beneficial in experimental acute pancreatitis | Balázs Kui |

| | | | |
|---------------|--|--|--|
| 15:10 - 15:40 | Coffee Break and Exhibition Location: Hartley Suite and Garden Court | | |
|---------------|--|--|--|

| | | | |
|---------------|---|--|------------------------|
| 15:40 - 16:20 | Session Seven Location: EEE Lecture Theatre Chairs: Satya Bhattacharya | | |
| 15:40 - 16:00 | IS-09-01 | Pancreatic trauma | Prof Jake Krige |
| 16:00 - 16:10 | Oral 32 | Exocrine pancreas ER stress differentially induced by different fatty acids. | Ruth Birk |
| 16:10 - 16:20 | Oral 33 | Acinar cell secretion is necessary for acinar cell de-differentiation during pancreatic regeneration | Enrica Saponara |

| | | | |
|---------------|--|---|------------------------------|
| 16:20 - 17:00 | Session Eight Location: EEE Lecture Theatre Chair: David Fine | | |
| 16:20 - 17:00 | IS-10-01 | How to change practice in Pancretology | Prof John Neoptolemos |

| | | | |
|---------------|--|---|---------------------------|
| 17:00 - 18:00 | YOUPPIE Session Location: EEE Lecture Theatre Chairs: Marco del Chiaro and Mo Abu-Hilal | | |
| 17:00 - 17:20 | | State of the Art of Pancreatic Surgery | Prof Claudio Bassi |
| 17:20 - 17:30 | Oral 34 | Lymphotoxin promotes acinar cell reprogramming and accelerates pre-neoplastic conversion in Kras induced pancreatic tumorigenesis | Gitta Maria Seleznik |
| 17:30 - 17:40 | Oral 35 | Antithetical NFATc1-Sox2 and p53-miR-200 signalling networks governs pancreatic cancer cell plasticity and tumour progression | Shiv Singh |
| 17:40 - 17:50 | Oral 36 | Pain sensation in pancreatic diseases is not uniform - the different facets of pancreatic pain | Jan G. DHaese |
| 17:50 - 18:00 | Oral 37 | K-Ras regulation of G2 Cyclins via a Cyclin D-independent mechanism | Robert Ferguson |

COMBINED EPC & IAP MEETING

24-28 June 2014, Southampton

Improving Clinical Practice – Understanding Disease Mechanisms

Nurses Symposium Programme

Thursday 26 June 2014

| | | |
|---------------|--|---|
| 08:30 - 09:00 | Registration and Morning Coffee Location: Seminar Room A (Building 67) | |
| 09:00 - 10:45 | Nurses Session Location: Seminar Room A (Building 67) | |
| 09:00 - 09:05 | Introduction | Sophie Noble (Chair) HPB Clinical Nurse Specialist |
| 09:05 - 09:25 | Pancreatic Neoplasms and preoperative assessment | Arjun Takhar HPB Consultant |
| 09:25 - 09:45 | The History of Whipples Resection | Mo Abu Hilal HPB Consultant |
| 09:45 - 10:05 | Enhanced Recovery Post Op Care | Hannah Clarke/Liz Middle Hurst HPB Practitioner/ Sister |
| 10:05 - 10:20 | Advances/Research in oncology management of pancreatic disease | Andrew Bateman Oncology Consultant |
| 10:25 - 10:45 | Radiological Interventions | Brian Stedman Consultant, Radiology |
| 10:45 - 11:05 | Coffee Break Location: Seminar Room A (Building 67) | |
| 11:05 - 11:25 | The Patients pathway/nurses Role | Joanne Dowle/Charlotte Beebee HPB Clinical Nurse Specialists |
| 11:25 - 11:45 | The Patient Experience | TBC |
| 11:45 - 12:05 | Nutrition/Pancreatic disease | Iran Arregui Fresneda/Nicola Mahon Pancreatic/Surgical dietitian |
| 12:05 - 12:25 | Diabetics overview | Mayank Patel Diabetes Consultant Paula Johnson Diabetes Specialist |
| 12:25 - 12:45 | Chemotherapy | Elaine Lennan Senior Clinical Nurse, Cancer Care |
| 12:45 - 12:50 | Close and Questions | |

COMBINED EPC & IAP MEETING

24-28 June 2014, Southampton

Improving Clinical Practice - Understanding Disease Mechanisms

Friday 27 June 2014

08:00 - 09:00 **Registration, Welcome Coffee and Exhibition**
Location: Hartley Suite and Garden Court

| | | | |
|---|---------|--|-----------------------|
| Session One | | | |
| Location: EEE Lecture Theatre Chair: Güralp Ceyhan | | | |
| 08:00 - 08:40 | Oral 38 | Acinar-specific TGF- α signalling regulates acinar cell regeneration | Kamile Grabliauskaite |
| 08:10 - 08:20 | Oral 39 | Mucus secretion of pancreatic ductal epithelium increases in chronic pancreatitis | Anita Balázs |
| 08:20 - 08:30 | Oral 40 | Fucosyltransferase 2 (FUT2) non-secretor status and blood group B are associated with elevated serum lipase activity in asymptomatic subjects and an increased risk for chronic pancreatitis – a genetic association study | Frank Ulrich Weiss |
| 08:30 - 08:40 | Oral 41 | Neural remodeling in pancreatic neuropathy is characterized by neurotrophin-3-mediated increase in the pancreatic nociceptive innervation, demyelination and selective glial activation | Ihsan Ekin Demir |

| | | | |
|--|-----------------|--|----------------------------|
| Session Two | | | |
| Location: EEE Lecture Theatre Chairs: Markus Lerch, Nick Sharer | | | |
| 08:40 - 09:10 | IS-11-01 | Guidelines on Chronic Pancreatitis | Dr David C Whitcomb |
| 09:10 - 09:20 | Oral 42 | SPINK1 promoter variants in chronic pancreatitis in Hungary | Eszter Hegyi |
| 09:20 - 09:30 | Oral 43 | Development of a prognostic scoring system for chronic pancreatitis (CPSS) | Christoph Budde |
| 09:30 - 09:40 | Oral 44 | Synonymous CTSC variant c.180C_T contributes significantly to chronic pancreatitis risk | Sebastian Beer |
| 09:40 - 09:50 | Oral 45 | A recombination allele of the lipase gene CEL and its pseudogene CELP encodes a hybrid protein and is a genetic risk factor for chronic pancreatitis | Karianne Fjeld |
| 09:50 - 10:00 | Oral 46 | CFTR loss of function after alcohol consumption and in alcoholic pancreatitis | József Maléth |

10:00 - 10:30 **Coffee Break and Exhibition**
Location: Hartley Suite and Garden Court

| | | | |
|--|-----------------|--|----------------------------|
| Session Three | | | |
| Location: EEE Lecture Theatre Chairs: Atilla Oláh, Trevor Smith | | | |
| 10:30 - 10:50 | IS-13-01 | Enteral feeding in AP - what? when? | Sandra van Brunshot |
| 10:50 - 11:00 | Oral 47 | A systematic review of the extra-pancreatic infectious complications in acute pancreatitis. | Lisa Brown |
| 11:00 - 11:10 | Oral 48 | Disruption of fractalkine/CX3CR1 signaling attenuates acute pancreatitis and pancreatic pain | Jan G. DHaese |
| 11:10 - 11:20 | Oral 49 | Acute Pancreatic Ascites Causes Mitochondrial Dysfunction in Endothelial Cells | Catherine Yang |
| 11:20 - 11:30 | Oral 50 | A Computer-Based Automated Algorithm for Assessing Acinar Cell Loss after Experimental Pancreatitis. | John Eisses |

| | | | |
|--|-----------------|--|--------------------------|
| Session Four | | | |
| Location: EEE Lecture Theatre Chair: Adrian Bateman | | | |
| 11:30 - 11:50 | IS-14-01 | IgG4 disease | John H. Stone, MD |
| 11:50 - 12:00 | Oral 51 | Comparative effectiveness of immune-cell depletion and a targeted therapy against LT α -signaling in the treatment of autoimmune pancreatitis | Gitta Maria Seleznik |
| 12:00 - 12:10 | Oral 52 | Smoking abstinence is more relevant than alcohol abstinence to prevent progression of chronic pancreatitis (CP) | Julio Iglesias-García |

| | | | |
|---------------|---|--|--------------------------------|
| 12:10 - 12:20 | Oral 53 | The Influence of Alcohol and Cigarette Smoke Components on Pancreatic Stellate Cell Activation: Implications for the Progression of Chronic Pancreatitis | Zhihong Xu |
| 12:20 - 12:40 | Palade Lecture - Professor Clem Imrie Awarded by the Council of the IAP Location: EEE Lecture Theatre Chair: Professor Jeremy Wilson | | |
| 12:30 - 14:00 | Lunch Break, Exhibition and Poster Rounds Location: Hartley Suite and Garden Court | | |
| 12:30 - 14:00 | PANDoRA Location: 2207 (Building 85) | | |
| 13:00 - 15:00 | ESPAC and EUROPAC Meeting Location: Seminar Room A (Building 67) | | |
| 14:00 - 14:30 | EPC Assembly and President Announcement Location: EEE Lecture Theatre | | |
| 14:30 - 15:30 | Session Five Location: EEE Lecture Theatre Chair: | | |
| 14:30 - 15:00 | IS-15-01 | IAP/EPC consensus review of guidelines for the clinical management of pancreatic cancer | Prof Kyoichi dr Takaori |
| 15:00 - 15:10 | Oral 54 | Metabolic biomarkers for the diagnosis of pancreatic ductal adenocarcinoma. | Julia Mayerle |
| 15:10 - 15:20 | Oral 55 | Overuse of Surgery for Pancreatic Cancer Treatment. An Analysis of the Italian Association for the Study of Pancreas (AISP) on a Nationwide Database. | Gianpaolo Balzano |
| 15:20 - 15:30 | Oral 56 | The influence of neural invasion on survival and tumor recurrence in patients with pancreatic ductal adenocarcinoma: a systematic review and meta-analysis | Stephan Schorn |
| 15:30 - 16:20 | Session Six Location: EEE Lecture Theatre Chair: Andrew Bateman | | |
| 15:30 - 15:50 | IS-16-01 | Translational research in pancreatic cancer | Prof Jeff Evans |
| 15:50 - 16:00 | Oral 57 | Analysis of microrna expression in brush cytology specimens as a new diagnostic tool in pancreatic strictures | Nha Le |
| 16:00 - 16:10 | Oral 58 | Parasympathomimetic agents suppress pancreatic cancer growth | Paulo Leonardo Pfitzinger |
| 16:10 - 16:20 | Oral 59 | Serotonin regulates cytoskeletal remodeling during the formation of pancreatic acinar-to-ductal metaplasia | Enrica Saponara |
| 16:20 - 16:50 | Coffee Break and Exhibition Location: Hartley Suite and Garden Court | | |
| 16:50 - 17:40 | Session Seven Location: EEE Lecture Theatre Chairs: Daniela Basso, Martin Glennie | | |
| 16:50 - 17:10 | IS-17-01 | AntiCD40 in pancreatic cancer | Prof Martin Glennie |
| 17:10 - 17:20 | Oral 60 | Autophagy Mediates Resistance to Gemcitabine Treatment Through a Novel E2F1-p300-VMP1 Pathway. | Maria I. Vaccaro |
| 17:20 - 17:30 | Oral 61 | Combination therapy using a novel Plk-1 inhibitor and gemcitabine in pancreatic cancer cells | Owain Jones |
| 17:30 - 17:40 | Oral 62 | Pharmacological macrophage depletion affects metastasis formation by modulating systemic immune response in a genetic pancreatic cancer model | Heidi Griesmann |

COMBINED EPC & IAP MEETING

24-28 June 2014, Southampton

Improving Clinical Practice – Understanding Disease Mechanisms

Saturday 28 June 2014

Clinical and Scientific Symposium on Pancreatic Exocrine Insufficiency, sponsored by Abbott

| | | |
|---------------|--|---------------------------------------|
| 08:30 - 08:50 | Registration and Welcome Coffee Location: EEE Foyer | |
| 08:50 - 09:00 | Welcome and Introductions to morning session Location: EEE Lecture Theatre | David Fine Enrique Dominguez-Munoz |
| 09:00 - 09:20 | Genetic and molecular insights in Chronic Pancreatitis Location: EEE Lecture Theatre | Heiko Witt |
| 09:20 - 09:40 | Early Diagnosis of Chronic Pancreatitis Location: EEE Lecture Theatre | Christopher Forsmark |
| 09:40 - 10:10 | Pancreatic Exocrine Insufficiency: Concept and Diagnosis Location: EEE Lecture Theatre | Enrique Dominguez-Munoz |
| 10:10 - 10:30 | Osteoporosis and Pancreatic Exocrine Insufficiency Location: EEE Lecture Theatre | Fanny Shek |
| 10:30 - 10:50 | Coffee Break and Exhibition Location: EEE Foyer | |
| 10:50 - 11:10 | PEI after Pancreatic Surgery Location: EEE Lecture Theatre | Mary Phillips |
| 11:10 - 11:30 | PEI in the Aging - Does it Exist? Location: EEE Lecture Theatre | Matthias Lohr |
| 11:30 - 11:50 | PEI in Diabetes Mellitus Location: EEE Lecture Theatre | Etienne Larger |
| 11:50 - 12:10 | Enzyme Replacement in Palliation of Pancreatic Cancer Location: EEE Lecture Theatre | Peter Layer |
| 12:10 - 12:30 | Panel discussion Location: EEE Lecture Theatre | David Fine Enrique Dominguez-Munoz |
